

Ben Chen
Senior Researcher, Multi-Asset
Strategies

Ben Chen is responsible for quantitative research and implementation of alpha signals and portfolio construction for multi-asset products. He also maintains and enhances the team's proprietary infrastructure for simulation and productionization of systematic investment strategies. In addition, Ben contributes to Research Affiliates publications.

Ben received his Master of Financial Engineering from the UCLA Anderson School of Management and his BS in Finance from the National Taiwan University. He holds the Chartered Financial Analyst® designation and is a member of CFA Institute and CFA Society Orange County.
