Jim Masturzo leads the multi-asset investment team that supports the firm's tactical asset allocation product suite. Jim oversees portfolio construction and modeling for existing portfolios as well as design and construction of new strategies. In addition, Jim regularly writes about capital markets and oversees the firm's public asset-allocation resources, specifically the Asset Allocation Interactive webtool. Jim is a member of the Investment Committee and the Management Committee of Research Affiliates. Research Affiliates is a global leader in smart beta, factor investing, and asset allocation. The firm creates investment strategies and tools based on award-winning research and delivers these solutions in partnership with some of the world's premier financial institutions.

Prior to joining Research Affiliates, Jim worked at Bloomberg specializing in portfolio analytics. In that role Jim advised portfolio managers on best practices related to performance measurement, attribution, and risk analytics for equity and fixed income portfolios.

Jim has a BS in electrical engineering from Cornell University and an MBA from the Duke University Fuqua School of Business. He holds the Chartered Financial Analyst® designation and is a member of CFA Institute and CFA Society Orange County.
