

Tom Rutherford

Senior Vice President, Investment
Management, Equity Strategies

Tom Rutherford is responsible for the design and implementation of custom infrastructure and applications to support portfolio creation, analysis, and quality control at Research Affiliates. Research Affiliates is a global leader in smart beta, factor investing, and asset allocation. The firm creates investment strategies and tools based on award-winning research and delivers these solutions in partnership with some of the world's premier financial institutions.

Tom holds a MSc in Computer Science from the Georgia Institute of Technology, a BAsC in Computer Science and Psychology from the University of Lethbridge and has over a decade of professional software engineering experience. Prior to joining Research Affiliates, he designed software in the precision agriculture and neural interface device industries.
