Veddad Zahiragic is responsible for the design and implementation of custom enterprise applications, systems integration, and cloud native software development for Research Affiliates. Research Affiliates is a global leader in smart beta, factor investing, and asset allocation. The firm creates investment strategies and tools based on award-winning research and delivers these solutions in partnership with some of the world's premier financial institutions.

Prior to joining Research Affiliates, he was a lead software developer at CompuSight Corporation where he developed web tools and applications for various international clients.

Veddad earned a BS in computer science and electrical engineering from Jacobs University, Bremen, Germany.
